

## A next-gen, AI-driven platform

Nintex helps companies unlock the power of endless possibilities. We believe that by placing intelligent automation in the hands of many, organizations can remove friction from work and inspire teams to build a culture of efficiency that accelerates business success. Efficiency creates momentum: propelling people, work, and business forward.

Today, more than 8,000 public and private sector organizations across 90 countries turn to the Nintex platform to automate how work gets done, remove friction from business processes, and unlock the full potential of their people
